# Our Services

Our Services is strategically diversified to mitigate risks of overly streamlined trading. Spike Miners offers extensive cryptocurrency basics which could help just about anyone who wishes to learn more about cryptocurrency and the block-chain network. Our sole aim is to enrich our investors by utilizing trading bots and best paid accurate signals based on technical and fundamental analysis to develop accurate trading pairs which rewards short term.

# Investment Contracts

## Investment Agreement

**Investors**

**Agreed Terms &  
Conditions**

Investment contracts are legal agreements between an investor and a company that protects the investor's financial investment in the company. These contracts also provide guidance as to how the company shall provide the investor with a return on their investment.

# STOCK & Commodities

Investing in a balance of stocks, bonds and other asset classes can help you build a portfolio that seeks returns but is resilient through all market environments. Stocks and bonds typically have an inverse relationship, meaning that when the stock market is down, bonds become more appealing.

# REAL ESTATE

In a bid to attain financial stability, many search for proper investments with their income. Improvement of realty property as part of a real estate investment strategy is generally considered to be a sub-specialty of real estate investing.
